Personal Website: http://kylelauritzen.net

Skills

- HTML, CSS, Javascript, AngularJS, Node.js, Express, MongoDB, Git, Spanish

Projects

- **Provo Housing Hub** → (http://provohousinghub.herokuapp.com)
  - Website similar to Craiglist and KSL, specifically geared toward student housing in Provo
  - Used the MEAN web stack to build this site, as well as Passport-facebook for user authentication, and Amazon S3 for file hosting
- **Kronolearn** → (http://kronolearn.com) ---Spaced-repetition learning web app(similar to Duolingo, Memrise)
  - Project I collaborated on with 3 other people,
  - Utilized the MEAN web stack, SASS, and Gulp to create this project.
  - I implemented Angular-bootstrap's typeahead feature in our navbar
  - I added image upload capability and access through Amazon S3 services
  - I created the Quiz view/functionality, making RESTful API calls with AngularJS
  - I automated the process of updating the Quiz-cards, implementing our SpacedRepetition algorithm.
- **Personal Website** → (http://kylelauritzen.net)
  - My personal/portfolio website, built with HTML, CSS, and AngularJS

Experience

Missionary Training Center (Provo, Utah)--Lead Custodian   December 2012 - September 2015
- Assisted in interviews and hiring process of over 15 new employees
- Led groups of up to 50 young adults in various service projects
- Did many dirty jobs that no other workers wanted to do.

Received Eagle Scout Award in the Boy Scouts of America   January 2009

Education

DevMountain(Provo , Utah) --- (www.devmountain.com)
- Finished the 13-week immersive Web Development course in January 2016
- Gained experience with the following: HTML5, CSS, Javascript, AngularJS, Node.js, Express, MongoDB, Mongoose, Git, Github

Brigham Young University(Provo, Utah --- 2012-2014)
- Took classes from the CS major where I learned about C++ and data structures. CS142, CS235, CS224
